The proposals

Lidl is proud to have been part of the Bournemouth community for many years, delivering a fresh choice for shoppers and employment for local people. The site is an existing retail park and the proposed Lidl store will replace the existing non-food retail units with a modern foodstore built to our latest specifications, that will provide deep discounted grocery shopping.

The proposals include:

A 1,210 sq m sales area including Lidl's popular bakery, longer style tills with dual packaging, and customer toilets

Up to 40 new full and part-time jobs for local people

81 car parking spaces including accessible, parent and child and EV charging spaces

Solar (photovoltaic) panels on the store roof, with overall design in-keeping with our commitment to sustainability

Cycle parking at the store front

Landscaping and planting around the site

Store access from Wimborne Road
